Pablo Luesia-Lahoz
Computer Engineer Researcher

Education

2019 - 2020 *Universidad de Zaragoza,* **Master's Degree**

Master's Degree in Computer Engineering. Average grade: 8.25 out of 10

2014 - 2018 *Universidad de Zaragoza,* **Bachelor's Degree**

Bachelor's Degree in Computer Engineering with a major in Computing.
Average grade: 7.64 out of 10

Experience

Nov 2021 - Present **Graphics & Imaging Lab** *(Universidad de Zaragoza),* **PhD study**

PhD student under the supervisor of prof. Adolfo Muñoz and prof. Diego Gutierrez. The topic of the research is related with the transient illumination, looking around corners and virtual wave optics.

Jan 2021 - Jun 2021 *Universidad de Zaragoza,* **Research project collaboration**

E. Coli bacteria simulation for the production of citramalate in the *Instituto Universitario de Investigación en Ingeniería de Aragón (I3A)*.
Detailed achievements:
- Learned how to use a cluster for heavy simulations.
- Acquired experience with design and implementation of virtual cell models.

Sep 2019 - Dec 2020 *Universidad de Zaragoza,* **Research Project Intership**

Design and implementation of a system for the automatic analyisis of the drone sperm cells of drones (honey bees).
Funded by a competitive scholarship granted by the *Gobierno de Aragon,* in the *Instituto Universitario de Investigación en Ingeniería de Aragón (I3A)* for the Master Thesis Project.

Volunteer Experience

Luesia-Lahoz, Pablo

2014 - present   *Aragón (Spain)*, Free Time Monitor

Experience in camps with kids from 8 to 16 years old. Approved Free Time Monitor Title by the Instituto Aragones de la Juventud (IAJ), in Spain.

Publications

Journals

May 2022   **Non-line-of-sight in the presence of scattering media**
Pablo Luesia, Miguel Crespo, Adrian Jarabo, and Albert Redo-Sanchez
Optics Letters 47.15 (2022): 3796-3799.
DOI: https://doi.org/10.1364/OL.463296

Other interest data

Programming languages

- Java
- C++
- Python
- Matlab
- Haskell
- ProLog

Languages

- **Spanish**   Mother language
- **English**   Advanced
- **France**   Basics

Mobility

- Erasmus stay in Sweden for 7 months (Jan 2019 - Jun 2019)

Interests

Professional

Research in the computational imaging field, transient luminescence and rendering, non-line-of-sight and virtual wave optics

Personal

Cooking, climbing, reading, guitar, drawing
